Fifth Biennial Conference of the World Federation of Associations for Teacher Education (WFATE)

You are invited to the fifth biennial conference of the World Federation of Associations for Teacher Education (WFATE) to be held in Melbourne, Victoria, Australia, from 9th-11th July 2018.

While respecting the particularities of cultures, places, and spaces for education we will explore together each other's contemporary experiences in teacher education. What are the challenges and opportunities? How can we contribute to building the necessary research evidence, wisdom, and commitment to meet the complexities of teacher education in an ever-changing world? How can we share insights and learn together so that innovative teacher education is available for all communities?

The theme of the conference is:

Transformative Teacher Education in Local and Global Contexts.

The four sub-themes that will be explored are:

- 1) Social Justice, Inclusion and Diversity in Education
- 2) Transformative Teacher Education
- 3) Pedagogy and Curriculum
- 4) Policy and Partnerships in Teacher Education

The conference will continue the WFATE focus on the shaping of global research and development networks building on the research working groups already established. The groups from the previous Barcelona conference, WFATE 2016, will meet at the conference and new participants may choose to join in to the ongoing work of these groups.

We will celebrate the **WFATE 2018** conference in the southern hemisphere for the first time and learn to creatively and critically explore the transformations in teacher education in a local and global context. Melbourne is a multicultural city located on the banks of the Yarra River, near the entrance to Port Phillip Bay. Melbourne is city of diversity and complexity with a wonderful variety of restaurants, street art, arcades and laneways, amazing parks and gardens, art galleries and theatres for all. So please put this date in your diaries and plan to join us in Melbourne, Australia from 9th to 11th July 2018.
